1 Executive summary

Half a page: the client's need, what Neudata proposes, the main deliverables, timeline and total cost. Write this last.

> Key message: what the client gets, by when, and why Neudata.

2 Understanding of the assignment

Restate the background and the problem in your own words, showing you have read the terms of reference. Note any assumptions or clarifications.

3 Objectives and scope

3.1 Objectives

1. *[Objective 1]*
2. *[Objective 2]*
3. *[Objective 3]*

3.2 Scope

What is included and — just as important — what is out of scope.

4 Approach and methodology

Study design, data sources, sampling and sample size, data management and quality assurance, statistical analysis, de-identification and data protection, reproducibility.

4.1 Data management and quality assurance

[Describe]

4.2 Statistical analysis

[Describe]

4.3 Data protection and ethics

[Describe]

4.4 Capacity building and knowledge transfer

[Describe]

5 Deliverables

#	Deliverable	Format	Due
1	*[Inception report and statistical analysis plan]*	*[Word / PDF]*	*[Week 2]*
2	*[Cleaned, de-identified analysis dataset]*	*[CSV / Stata / R]*	*[Week 6]*
3	*[Final report and presentation]*	*[Word / PDF / PowerPoint]*	*[Week 10]*

6 Work plan and timeline

Phase	Activities	Weeks
[Inception]	*[Kick-off, document review, analysis plan]*	*[1–2]*
[Data]	*[Data cleaning, quality checks, de-identification]*	*[3–6]*
[Analysis]	*[Statistical analysis, tables and figures]*	*[6–8]*
[Reporting]	*[Draft report, review, final report]*	*[8–10]*

7 About Neudata and the team

Neudata Consulting Ltd is a data science, biostatistics and research analytics consultancy that helps organisations, researchers and decision-makers turn complex data into clear, credible and actionable evidence — from study design and data management to statistical analysis, reporting and capacity development.

Name	Role on this assignment	Relevant expertise
[Name]	*[Lead biostatistician]*	*[Expertise]*
[Name]	*[Data manager]*	*[Expertise]*
[Name]	*[Analyst]*	*[Expertise]*

8 Budget

Item	Unit	Quantity	Rate (USD)	Amount (USD)
[Lead biostatistician]	*[day]*	*[0]*	*[0.00]*	*[0.00]*
[Data manager]	*[day]*	*[0]*	*[0.00]*	*[0.00]*
[Software, travel or other costs]	*[lump sum]*	*[1]*	*[0.00]*	*[0.00]*
Subtotal				*[0.00]*
Tax / VAT (if applicable)				*[0.00]*
TOTAL (USD)				*[0.00]*

9 Payment schedule and terms

Milestone	Share	Amount (USD)
[On signature of contract / inception report]	*[50%]*	*[0.00]*
[On approval of the final report]	*[50%]*	*[0.00]*

- Invoices are payable within 30 days of receipt.
- Data are handled confidentially and in line with applicable data-protection law; raw identifiable data are not retained after the assignment unless agreed.
- Intellectual property in the deliverables transfers to the client on full payment; Neudata retains its pre-existing tools, code libraries and methods.
- This proposal is valid for 60 days from the date above.

10 Acceptance
